PROFILE

Engineering graduate with a strong interest in software development, experienced in upgrading legacy Java systems. Eager to work on software projects in the chemical and insurance domains, combining technical skills with domain knowledge to deliver effective solutions.

EXPERIENCE

Software Intern – Mahathi Infotech

Jan 2025 – Present

- Upgraded a legacy insurance-based web application from Java 8 to Java 21.
- Migrated backend stack from Hibernate 4 to Hibernate 6.
- Modernized the UI layer by upgrading from JSF 1.2 to JSF 4 and primefaces from 6 to 14.
- Transitioned the platform from Java EE to Jakarta EE, resolving compatibility and namespace issues.
- Improved application maintainability and performance through systematic refactoring.
